

NATIONAL AGROVOC STRATEGY MAP 2020-2021

WHAT PRINCIPLES WILL WE FOLLOW?

Colaboration
Integration

Openness
Professionalism

Interactivity
Ambition

Discovery
Innovation

WHAT PRIORITIES DO WE PROPOSE?

Making agreement between FAO and State Agrarian University in order to formalize the status of our institution as national contributor to AGROVOC and advocator for resources

Including the AGROVOC objectives in the university strategy

Copyright for AGROVOC content in Romanian under a Creative Commons Attribution-NonCommercial-ShareAlike 3.0 Unported License

Increasing the number of definitions, scope notes, providing additional generalizations over sets of related concepts and to support inference

Improving the content of Romanian AGROVOC, increasing the number of translated terms into Romanian

Translating of AGROVOC editorial guidelines in Romanian

Promotion of AGROVOC Thesaurus as a indexing and retrieval tool in agricultural field

Organizing trainings for users about how to use AGROVOC thesaurus, its functionalities, benefits and its role in learning agricultural terminology in many languages

Attendance to the AGROVOC editors' meetings, workshops, webinars and other training forms for developing professional skills and contributing better to AGROVOC

Developing the collaboration with AGROVOC international community to improve the contribution to AGROVOC

WHAT WILL WE DELIVER?

Relevant information resources, standardized agricultural terminology

Discovering, indexing and interlinking information resources

Tool for the indexing of agricultural information

Tool for the information retrieval (*to make searching simpler and more efficient*)

Tool for translating agricultural terms (*Romanian – other language, other languages – Romanian*)

Resource for clarifying the meaning and the context of terms

HOW WE WILL DO?

Building a professional team

Being part of AGROVOC community

Promoting AGROVOC values

Learning from each other how to do better

Partnerships and collaborations
